

Introducing... Mr. Fuller

Why are you a teacher/coach at Days Creek?

The reasons for my coming back to work at DC have been pretty simple: I enjoy working with kids and helping them become people of character that can benefit society. I have grown up in this area and have even graduated from DC in 09. The small community and great people have drawn me back to where I am now.

Where did you go to college? What was your major? Why did you choose that major?

I attended Umpqua Community College in the fall of 09 following my graduation where I went to school for 2 years and acquired an Associates Degree in general studies. I chose the major because I didn't really know what I wanted to be studying due to having not made the decision yet of what to do with my life. I'm still working out that process but feel that my education has played a big role in that.

What is the funniest thing that happened while teaching Distance Learning?

Assisting Hampton with a Chemistry project while recording it with a Chromebook and having a beaker spill some 'not very strong' acid on his desk and floor. We finished the project.....and the cleanup. oops.

What is your greatest advice to Students? Parents?

No matter what life throws at you, no matter the circumstances, no matter what challenges you're facing, don't ever give up on trying to achieve your goals.

What is your hidden talent?

I can solve a Rubik's cube in under 2 minutes.
